A hand holding a white stylus points towards a tablet. The tablet screen displays several business-related charts: a pie chart at the top left, a bar chart with red and blue bars in the top right, and a line graph with multiple colored lines at the bottom. The background is blurred, showing a desk and a computer monitor.

Accuracy and search for excellence

Accuracy and search for excellence are the trait d'union of the Vareschi & Partners team. The team is composed by trainers, consultants and coaches.

Each professional comes from finance and economic management area, with a consolidate professionalism in their field thanks to several working experiences in companies, counselling and university professorship, both in Italy and abroad.

Visual Thinking

Vareschi & Partners trainers use the flipchart both in virtual and presence classes, with a pragmatic slant.

Why?

Because the team use the visual thinking method that helps to involve the participants during the training sessions, ensuring an optimal learning. It's easy to understand that the Vareschi & Partners method is practical and pragmatic, allowing participants to recognize themselves in the examples, comparing and practicing on concrete business cases.

But there is more! At the end of each course, participants are provided with a digital copy of the diagrams analyzed. Upon the request of participants, we issue certificate of attendance containing the programme.

All Vareschi & Partners training, coaching and consultancy courses are available in English, Italian and German.
